CONGRESS MEETS AND ADVANCES

Victors and Vanquished in Late Election Congratulate and Sympathize.

NEGRO TROOPS' CASE IS UP.

Senator Foraker Will Introduce Resolution Calling on President for Information.

Question of Simplified Spelling in Congressional Record Will Receive Attention of Congress.

Washington, Dec. 2.—Victors and vanquished gathered in the hall of the house today to congratulate and sympathize with one another over the results of the November ballot.

The crowds came early and when the speaker's gavel fell at 12 o'clock the galleries were jammed with gaily dressed women, which added much to the picturesque quality of the scene.

The appearance of Speaker Cannon, who was greeted with a hearty round of applause from both members and the galleries which lasted until he brought the session to a close, was the last of the day's session.

Immediately following the prayer of the chaplain the roll was called by states.

Senator Foraker, it is understood, has decided to offer in the senate early this week a resolution of inquiry into the dismissal from the twenty-fifth United States infantry (colored), as a result of the "shooting up" of Brownsville, Texas, on the night of Aug. 13 last.

The senator's resolution will request the president of the war department to furnish the senate with all the facts in the case, recalling especially the evidence upon which the order of dismissal was based.

The question of whether the order of dismissal was based on the fact that the soldiers were "drunk" or whether it was based on the fact that they were "disobedient" is a question which will be discussed in the senate.

NEW OFFICIAL FOR SHORT LINE

Supt. of Grand Trunk R.R. Comes Here as Assistant to E. Buckingham.

W. E. COSTELLO IS HIS NAME.

He Will Be Given the Title of Assistant General Superintendent of the O. S. L.

W. E. Costello, superintendent of the Grand Trunk at Battle Creek, Mich., arrived in Salt Lake on Saturday to enter upon his duties as assistant general superintendent of the Oregon Short Line under E. Buckingham.

The appointment, which was effective Dec. 1, comes somewhat in the nature of a surprise and, it is believed, will have its headquarters in the general superintendent's office and assist the general superintendent by taking off his hands a lot of the routine work in addition to attending to duties to which he will be assigned from time to time.

As Mr. Buckingham is now on his way to Sparks to meet Vice President and General Manager W. H. Bancroft, who is coming home from San Francisco on details of the appointment will be forthcoming until he returns and circulars are issued.

JAPANESE FROM MEXICO.

Declared They Were Lured There Under False Promises.

San Antonio, Tex., Dec. 2.—A dispatch to the Express from Eagle Pass, Tex., says:

Three hundred Japanese have entered the United States from Mexico through Eagle Pass since Nov. 1. They are leaving Mexico because of ill-treatment which they received at the hands of Mexican employers. The Japanese say they were lured into Mexico with promises of good pay and pleasant work on farms. So inviting were the promises that Japanese immigrants seek to leave the country in great numbers.

On arriving in Mexico, however, the Japanese declare they are put to work in coal mines on little wages and food and are treated with contempt. They are being lured into Mexico with promises of good pay and pleasant work on farms. So inviting were the promises that Japanese immigrants seek to leave the country in great numbers.

The nucleus of the new Zion is to consist of 10 chosen families which will be selected by Voliva. These families will be chosen for their implicit faith in the guidance of the new prophet and their preparedness to sacrifice all at his bidding.

As to the location of the new Zion, Voliva was silent, contenting himself with the declaration that he would have several announcements to make within two weeks. In preparation, however, of the coming of the new prophet, he stated that he had been very sick and is still far from being well.

TO INVESTIGATE CASE OF DISCHARGED NEGRO TROOPS

Washington, Dec. 2.—Senator Penrose today introduced a resolution calling on the president for information regarding the discharge of a battalion of negro troops at Fort Reno, Oklahoma, on account of the affray at Brownsville, Tex.

The war department is preparing for an investigation by Congress of the case of the twenty-fifth infantry, recently discharged without honor by order of President Roosevelt, and to this end has compiled a record of negro troops, dating back to the Civil war.

It is said that the record discloses a state of affairs not generally known, and that once before, at least, the Twenty-fifth infantry "shot up" a town.

The affair happened in 1885 at Fort Seward, Dakota. Some of the negro soldiers went on a rampage similar to that at Brownsville, and one of their number killed a citizen.

In that case, however, the citizens took the men into their own hands, forced the troops under pain of death to disperse, and then took them out and lynched him.

LT. COLLARD'S TRIAL.

Portsmouth, Dec. 2.—The trial by court-martial of Lieut. Collard, charged with inflicting unusual punishment and using abusive language to a soldier in 1905, and with improper use of the order "on the march" Nov. 4 last, which caused mutinous outbreaks among soldiers began today.

TO REIGN OVER PERSIA.

Mohammed Alimzai, Her Apparent, Owing to Father's Illness.

Terhan, Persia, Dec. 2.—The report that Mohammed Alimzai, the heir apparent and governor of Azerbaizan, has been summoned from Tabriz to Terhan to assume the regency during the illness of his father, the shah, is confirmed.

The establishment of a Persian national bank and the issue of an internal loan with the object of emancipating the country from dependence on foreign financiers appears to be assured.

ENGINEER E. FEARL KILLED.

Spokane, Wash., Dec. 2.—A fatal wreck occurred at the Jefferson street crossing of the Northern Pacific this morning, a switch engine colliding with an extra eastbound freight. Engineer Ed Fearl of the switch engine was instantly killed. No one else was seriously injured. It is said that the switching crew had not been notified that the freight was coming, and it is supposed that Engineer Fearl may have been looking backward watching for signals.

SAFETY APPLIANCES.

Large Number of Roads to be Sued for Not Using Them.

Washington, Dec. 2.—Acting on reports submitted by the Interstate commerce commission, Atty. Gen. Moody has directed that suits be brought against a large number of additional railroad companies for violation of the safety appliance law.

The defendants, the districts in which the suits will be brought and the violations include: Arizona & New Mexico railway, district of Arizona, two violations; Arizona & New Mexico railway, district of New Mexico, two violations; El Paso & Southern railway, district of Texas, one violation; Fort Worth & Denver City railway, northern district of Texas, two violations.

ZION CHURCH IS TO BE ABANDONED

Overseer Voliva Will Give up Dowie's Great Enterprise To its Creditors.

HE WILL BUILD A NEW ZION.

Ten Chosen Families Will be Selected by Him as the Nucleus—Location Not Disclosed.

Chicago, Dec. 2.—The Chronicle today says:

Zion City is to be abandoned. The "restoration host" which was built up by John Alexander Dowie after years of strenuous effort, will shortly be left to its creditors by Overseer Wilbur Glenn Voliva, who, like a new Moses, will lead his people forth from the discredited gates to found another Zion.

Announcement of the approaching hegira was made yesterday by Overseer Voliva before an audience of more than 1,000 persons in the Zion church at Sixteenth street and Michigan avenue. It was marked by his assumption of "divine authority" at the same time he outlined his plans for a new city, to be founded on a more solid basis, with himself as supreme spiritual and temporal head. Coupled with the announcement of his plans were vehement denunciations of unworthy members of the church of the late Dowie, who were responsible for his fall.

The new Zion, into which no unworthy member shall be allowed to enter, will form the nucleus of a more energetic crusade against the wickedness of the world and Chicago in particular.

Autocratic socialism is to be the government of the new community. No more debts, no more house rent, no more holding of land or property by individuals, but a sublime condition of brotherly love and primitive Christianity is to prevail. At the same time Voliva is to be supreme.

The nucleus of the new Zion is to consist of 10 chosen families which will be selected by Voliva. These families will be chosen for their implicit faith in the guidance of the new prophet and their preparedness to sacrifice all at his bidding.

As to the location of the new Zion, Voliva was silent, contenting himself with the declaration that he would have several announcements to make within two weeks. In preparation, however, of the coming of the new prophet, he stated that he had been very sick and is still far from being well.

MOYER ET AL LOSE IN SUPREME COURT

They Sought to Have Their Extradition From Colorado to Idaho Declared Invalid.

JUSTICE McKENNA DISSENTED.

Effect of Decision is That 'Moyers' Leaders Will be Held for Trial in Idaho.

Washington, Dec. 2.—The supreme court of the United States today decided the habeas corpus case of Moyer, Haywood and Pettibone, the representatives of the Western Federation of Miners, who are now held in prison in Idaho on the charge of complicity in the murder of former Gov. Steunenberg, adversely to the men. The opinion was by Justice Harlan.

The effect of the decision will be to continue to hold the men for trial in Idaho.

Of the men involved, Charles H. Moyer is president; W. D. Haywood, secretary-treasurer, and George A. Pettibone, a member of the Western Federation of Miners. They are now in prison in Canyon county, Idaho, under a charge of murdering former Gov. Steunenberg of that state, although it was not charged that they were present when the crime was committed.

The case came to this court on an appeal from the decision of the Idaho federal court, refusing to grant writs of habeas corpus. The principal point of controversy was the method by which the Idaho authorities secured jurisdiction over the men. All of them are residents of Colorado, and it was alleged on behalf of Moyer and his associates that they were kidnapped in pursuance of conspiracy to which the governor of Colorado and the Idaho authorities were parties, and hence that jurisdiction was acquired by fraud.

Justice Harlan said that in the habeas corpus case in the United States courts the method of extradition of the defendants was not material. The merits of the cases were not involved, as that phase was not presented. The only question there involved was the right of the state courts to proceed with the cases of these there could be no doubt.

Justice McKenna delivered a dissenting opinion, holding that Moyer, Haywood and Pettibone were not kidnapped, but were lawfully taken into custody by the Idaho authorities. He held that the federal courts to correct improper methods used in securing their extradition. He said that kidnapping under the law was not justified when performed outside the law, where every effort of authority is used to prevent and punish it.

GOVERNOR URGES SOME CHANGES ON RIO GRANDE

Writes a Letter to the International Policyholders' Committee.

AN INSURANCE ELECTION.

Sees Nothing Wrong for Agents Campaigning for Ticket They Think Is the Right One.

Today, Gov. John C. Cutler dictated the following letter to G. R. Scragham of the International Policyholders' committee of New York.

Salt Lake City, Dec. 2, 1906.

Dear Sir:—I am in receipt of your communication of the 24th inst., in which you protest against alleged misrepresentation on the part of the two great Mutual Life Insurance companies of New York in the campaign for trustees now going on; and the work of the agency organization for the administration of the companies. Briefly replying to your communication:

If the agents of the companies, who work entirely on commission, desire to give a portion of their time to campaigning for the ticket which they think serves the best interests of the company they represent, I do not see why they should not be permitted to do so. I am convinced that in Utah no ceremonies are used with these agents; and it is also my conviction that the expenses of the campaign are paid out of the company's funds, and not out of the pockets of the agents. Therefore, I do not see how the authority to do so, for me to ask for the revocation of the license of any agent found canvassing for either ticket.

I believe there should be strict honesty and fairness on both sides in this insurance election. The sending out of false charges, gross misstatements, destructive literature, tending to impair the faith in the policyholders, in their companies, and leading them to large policies which in many instances represent their sole savings for years, is, in my opinion, most reprehensible. The party using unfair methods should certainly lose.

Yours very truly,
(Signed) JOHN C. CUTLER,
Governor of Utah.

FUNERAL OF THE LATE SAMUEL SPENCER.

Washington, Dec. 2.—All that is mortal of Samuel Spencer, late president of the Episcopal church, and whose tragic death on his own railroad on the morning of Thanksgiving day, shocked the people of two hemispheres, was laid to rest this afternoon in the Oak Hill cemetery, there to await final disposition.

A notable tribute was paid to the memory of the distinguished railroad magnate. The funeral obsequies, held in historic St. John's Protestant Episcopal church, were attended by railroad officials, financiers and public men from all parts of the country. Hundreds of friends came from the south.

The service was strictly in accordance with the ritual of the Protestant Episcopal church, and was conducted by Bishop Saterlee. A special musical program was rendered, Mrs. Spencer having selected her favorite hymns.

At the conclusion of the religious service, the remains were borne from the church during the singing of "Abide With Me." No such wonderful profusion of exquisite floral offerings has been seen in Washington since the obsequies of the late President McKinley, as today filled the Massachusetts avenue residence of President Spencer, and the church of St. John's.

These tributes came from all parts of the country. President and Mrs. Roosevelt sent a wreath of orchids and white roses, tied with white satin ribbons. By special direction of Mrs. Spencer, all of the floral offerings were distributed later among the various hospitals and charitable institutions of Washington.

The voting trustees and the board of directors of the Southern railway had a joint meeting today and took action on the death of President Spencer. First Vice President A. B. Andrews presided and the others present were J. Pierpont Morgan and George F. Baker, voting trustees, and the following directors: Joseph B. Richmond, Va.; Samuel Inman, Atlanta, Ga.; Adrian Iselin, Jr., New York; Edmund D. Randolph, New York; James T. Woodward, New York; William W. Aldrich, Washington; and Charles Steele, New York.

A lengthy statement was adopted and placed on the records, paying high tribute to Mr. Spencer's services to the company, to other corporations and to the public, and pointing out that the great progress of the road under his administration was effected without making it the basis of an increase in the road's stock beyond the amount contemplated when the properties were reorganized 11 years ago.

"The mighty fabric which for 12 years he has been moulding must continue unaltered to develop and to improve in the service that it shall render to the public, but never can it cease to bear the impress or to reveal the continuing impulse of the noble mind of its first president. In the height of his usefulness and his power, he has been called away, but the inspiration of his shining example and his lofty standards must ever animate his successors."

THREAT TO ASSASSINATE KING VICTOR EMMANUEL.

Milan, Italy, Dec. 2.—A careful search has been made at Bergamo, about 40 miles from here, with the view of discovering the sender of a threatening letter to King Victor Emmanuel, referring to a plot formed by what the writer termed the "Holy alliance," to assassinate the king, but up to the present the efforts of the police have been fruitless.

MENELIK NOT ILL.

Addis-Abeba, Abyssinia, Dec. 2.—The reports of the illness of King Menelik which have been circulating in Europe on the possibility of complications in the succession to the throne, are unfounded.

A British syndicate has acquired the only known coalfields in Abyssinia.

SOME CHANGES ON RIO GRANDE

E. H. Holden of K. C. Southern Comes Here as Assistant Superintendent.

CAMPBELL GOES ON DESERT

As Trainmaster in Charge of Operation West of Helper—Snow to C. & N. W.—Labaa to Ogden.

The semi-annual shake-up is now in full swing on the Rio Grande and following in the wake of the announcement of the appointment of George Gelger as superintendent comes a reorganization of the operating department in Utah.

E. H. Holden, formerly of the Kansas City Southern at Shreveport, La., has arrived here and today is going over the territory which will come under his jurisdiction as assistant superintendent of the Rio Grande Western with headquarters in Salt Lake.

A. A. Campbell, who some time ago was trainmaster here and was promoted to assistant superintendent under the former regime, has been given charge of the desert with headquarters at Helper. His jurisdiction extends from Helper east to Grand Junction.

J. C. Snow, who has been for several years a clerk in the office of the general superintendent of the road, has resigned and will within the next few days go to the Chicago and Northwestern in a similar capacity under General Agent C. A. Walker. It is understood that there will be some minor resignations down at the Rio Grande operating headquarters within the next few days.

Fred B. Spencer, traveling freight agent at Ogden for the Rio Grande, has been promoted to Salt Lake to occupy the position made vacant by the promotion of J. H. Dewey who has assumed the duties of chief clerk of the freight department.

E. J. Laban, traveling live stock agent for the Rio Grande with headquarters here, will be transferred to Ogden as traveling freight agent, the title of traveling live stock agent, having been abolished.

JOSEPH CHAMBERLAIN.

Health is Improving and He is Able To Take Walks.

London, Dec. 2.—In view of the recent rumors regarding the condition of the health of Joseph Chamberlain, the ex-colonial secretary, a bulletin issued from his residence, Highbury, Moore-green, Birmingham, this morning, stating that Mr. Chamberlain maintains a steady improvement; that he is able to take daily walks and drives and that his eyes have so much improved that he is now allowed to read.

THE SAN JOSE SCALE.

Discovered in Fruit Orchards in Leominster, Massachusetts.

Leominster, Mass., Dec. 3.—The dreaded San Jose scale has been discovered in several fruit orchards in this section of the state. It is a pest which does great damage to fruit trees and shrubbery, and as the latest addition to the forces of the gypsy and brownish moths is causing agriculturalists much alarm. It is thought that the insects may have been brought here on nursery stock from the west.

TRANS-CASPIAN ROBBERS.

Band of Twelve Captured to be Tried By Drumhead Court Martial.

Tiflis, Trans-Caucasia, Dec. 3.—A band of 12 robbers yesterday attacked the estate of Princess Avalava, plundering her residence, and assaulted the princess. They were captured later and will be tried today by drumhead court-martial.

SCHOOLS FOR JAPANESE.

Secy. Metcalf Quoted as Saying California is Within Her Rights.

San Francisco, Dec. 2.—The call says today:

School Director D. H. Oliver stated yesterday that Secy. Metcalf before the impression that Secy. Metcalf had decided to favor the Japanese in his report to the president. The secretary's report, it may be assumed, will conform to his assurances to the school board.

Attorneys versed in international law believe that the treaty between Japan and America in no way covers the points at issue and the best that the United States can do for the island empire is to institute a test case in the federal courts, as has already been done.

That the matter will be taken to the supreme court for final decision is now quite evident, and it is decided there that the Japanese are not Mongolians, a contention that he has been made to discontinue the enforcement of the law requiring that race to be kept in schools separate from white children, it is quite certain that the state legislature at its next session will pass a new law to keep the Japanese out of the schools in which Caucasians are taught.

In an interview yesterday, Director Walsh expressed sentiments similar to those of Mr. Oliver.

SOCIAL EDUCATION CONGRESS.

Boston, Dec. 2.—Three addresses delivered before a large audience tonight brought to a close the Social Education congress. Rev. William M. Long of Stamford, Conn., in dealing with "Nature as a Moral Education," said that man seems to be the only creature that is immortal, although the child is born a mortal animal. The headlessness of nature in "man" was shown, he declared, in a personal vanity, the envy and greed aroused by the setting up of wealth against poverty, gluttony and drunkenness, sexual violence. None of these, he asserted, was found in the animal kingdom except in man and monkeys. He described the struggle for individualism, and said that the message of nature was natural cooperation and common brotherhood.

PHIPPS TO MAKE IMPROVEMENTS

Pittsburg Millionaire Gives Evidence of Faith in Real Estate Here.

TO REMODEL DAFT BLOCK.

Mr. Newhouse Has Wired His New York Architect to Come To This City at Once.

Recent Transfers Were Not Properly Options As All Were Strictly Cash Sales.

The fact that Henry Phipps, the Pittsburg millionaire, is also indicating his faith in Salt Lake, as well as Mr. Newhouse, is an additional sign of encouragement. When Mr. Phipps was here the other afternoon he considered seriously the matter of remodeling the interior of the Daft building on Main street, which he bought from Mrs. Daft three years ago. This morning, he wired his representative in this city, the Tuttle Bros., to go ahead, and expend from \$2,000 to \$6,000 on improving the building, and contracts are being let this afternoon, with this end in view. The stairways will be re-located and rebuilt, the hallways rearranged, rooms remodelled, the latest improvements in plumbing and heating introduced, and the entire structure brought to the latest standards.
